K-LINE'S POINT OF DIFFERENCE

K-Line Fencing Group specialises in providing complete fencing solutions for schools throughout Western Australia.

Ensuring all staff and students remain safe at school is at the heart of everything we do.

Our team is dedicated to delivering customer service excellence, ensuring you enjoy a hassle-free experience throughout your fencing project.

Quality school fencing products and precise installation assures our fencing solutions withstand the test of time.

Our Vision

“To keep our customers safe and secure by delivering reliable high-quality and value driven fencing solutions combined with project management excellence”

GARRISON SECURITY FENCING

Garrison Security Fencing is ideal for boundary fencing around schools, keeping intruders out and students safely within the school grounds.

Our premium Anti-Corrosion Primer Coating is applied prior to powder coating, ensuring optimum product longevity.

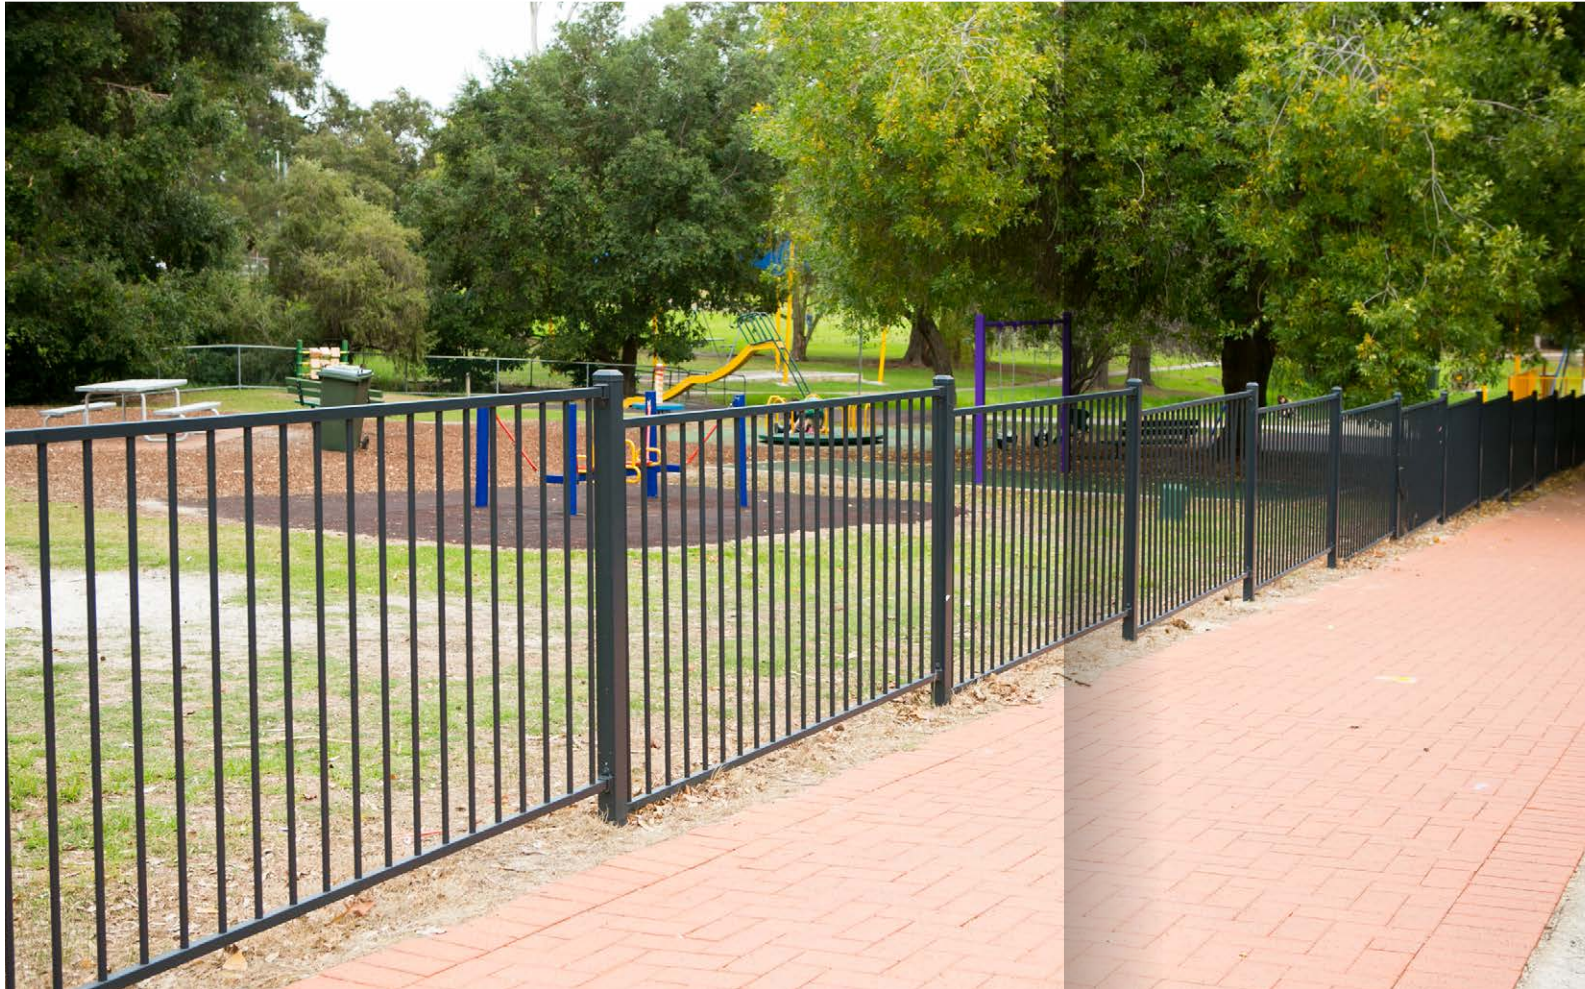

Designed and manufactured for maximum strength with face-welded panels and Anti-Vandal fixings to stop trespassers removing the fence panels.

Matching sliding and swinging gates are manufactured to suite your access requirements with optional automated operation.

Garrison Security Fencing is available in a colour of your choice.

TUBULAR STEEL FENCING

Tubular Steel Fencing is excellent for internal fencing to divide areas within the school grounds.

Designed and manufactured from fully galvanised steel and protected with K-Line's premium Anti-Corrosion Primer Coating for optimal durability.

Flat-Top Tubular panels are designed without pointed uprights for a safe low-height barrier around school playground areas and walkways.

Self-closing gates and child resistant gate latches provide additional protection to keep children safe at school.

Large range of designs available in a colour of your choice.

Custom designed panels are manufactured to suite specific requirements.

CHAINWIRE FENCING

Chainwire Fencing is a versatile option for around school ovals and sporting facilities.

Available in Galvanised and PVC colour coated Chainwire.

Optional top and bottom rails prevent the Chainwire being crushed across the top or bent up along the base.

Chainwire Backnets offer a high barrier to prevent balls from going outside your school property during sporting activities.

Matching Chainwire gates are manufactured to suit your access requirements.

COLOURBOND FENCING

Colourbond Fencing is a great solution for areas within the school grounds that require screening.

With a range of colours available to blend your fencing colour in with the surroundings.

Colourbond Fencing is ideal for screening around maintenance workshops and protecting children from accessing areas where machinery is stored.

PROJECT MANAGEMENT & INSTALLATION

PROJECT MANAGEMENT EXCELLENCE

Our team of highly qualified and experienced project managers ensure you experience a streamlined and hassle-free installation process.

DEDICATED PROJECT MANAGER

Each school fencing project is assigned a dedicated project manager to keep you informed and save your valuable time with a single point of contact.

STUDENT SAFETY

The safety of your students is our priority, our team ensures all works are carried out safely to protect your students from being exposed to hazards.

EXPERIENCED AND QUALIFIED INSTALLERS

All school fencing projects are installed by highly experienced and qualified installers, ensuring our high standards of workmanship are maintained.

PROJECT COMPLETION – QUALITY INSPECTION

Fencing installation projects are inspected on completion to confirm our high standards of workmanship are maintained with no damage to your property.

TESTIMONIALS

I would like to compliment your company for the outstanding service you have given us from booking a quote till the completion of the job.

We were constantly kept aware of progress on the job. I must say your service is highly recommended and will definitely be referred to many.

Georgia | St Joseph's School

We are very happy with K-Line's fencing process and end result.

Thanks for the ease in quoting and organising the job, also thanks to the installers, they were all great and very helpful.

Reece | Newman College

I would like to thank all of you for such prompt service you provided in getting our fence urgently secured in such short notice. We are very grateful.

It was a testament to the quality of the staff working at K-Line Fencing "Thank You".

Leanne | St Thomas' Primary School
